About Nuneaton Signs

Nuneaton Signs are a Social Enterprise, our main purpose "to provide meaningful employment and training for people with disabilities through the manufacture and sale of signs". To put it simply, the more signs that you buy from us, the more people we can get back into the workplace, from long term disability and unemployment benefits. Of our 82 strong staff, 68% have at least one disability. We concentrate on what someone can do, we do not want anyone to be defined by their disability.

Because of the support of companies like you, we have been able to continue working to help people in our local area back into work since 1982. Some staff have been here for 40 years, and others come and go once they have regained their confidence and selfbelief. Thanks to your support, and your choice to #BuySocial we can be here for those people who need us, no matter how long they need us for.

If you have to buy something anyway, why not #BuySocial and be the change you want to see in the world.
